STANDARD SALES TERMS AND CONDITIONS

October 1, 1975

Applicable to all transactions including U.S. Government End-Use

1. PRICE, PAYMENT AND DELIVERY

- A.** Prices are net f. o. b. carrier's equipment, our Skokie, Elk Grove Village, Illinois, or Little Rock, Arkansas facility (ex-factory, for export transactions); they do not include installation or maintenance. Title passes at the f. o. b. point.
- B.** Orders which call for deliveries beyond twelve months from the first day of the month following the receipt thereof must be specifically accepted in writing by us. Any deliveries made pursuant to buyers rescheduling of an original order or delayed as a result of the buyers failure to meet financial obligations, will be invoiced as if originally scheduled in the month of shipment. Deliveries that are beyond twelve (12) months will be invoiced at the then current price.
- C.** Each invoice is due and payable thirty (30) days from date (60 days, in United States funds, where customer's billing address is outside the United States of America). Purchaser agrees to pay on demand all reasonable costs of collection, including collection agency fees, attorney's fees and legal expenses incurred or paid by Teletype in collecting any delinquency hereunder.
- D.** If credit has not been established with us, domestic terms will be c. o. d. or cash in advance and export terms will be irrevocable letter of credit on The Northern Trust Company, Chicago, Illinois, or, for orders under \$500.00, sight draft on the Northern Trust Company. Such letter of credit or sight draft must be in the minimum amount of the purchase price of all items ordered, plus any other charges made by us; it may, at your option, also make provisions for charges and fees payable to others.
- E.** Our prices include only our standard commercial packaging, packing and marking for domestic shipment. Prices for special and export packaging, packing and marking will be quoted upon request. We shall choose method of shipment, carrier and ship "Freight Collect" unless otherwise directed in writing. We will not provide a copy of carriers Freight Bill in support of prepaid shipment. Delivery for export will be made in the continental United States to a freight forwarder designated by you, whose responsibility it will be to make all export arrangements. Unless you expressly designate such a freight forwarder, you will be deemed to have authorized us to select a forwarder to act on your behalf.

2. TAXES

Prices do not include any sales, use, excise, or similar taxes. These will be billed and paid as a separate item on the invoice. If you are not subject to any above taxes you are required to provide us with a Tax Exemption Certificate for each state to which equipment will be shipped or indicate on each purchase order the tax status that applies.

3. CANCELLATION AND DEFERMENT OF SHIPMENTS

Should you wish to cancel, we will do so without charge if the request is received at least four months prior to the month of scheduled shipment. If the above condition is not met, you will be charged 15% of the price of the equipment affected.

No deferment of equipment will be permitted within a four month period prior to the month of scheduled shipment.

4. PATENTS

With respect to any article furnished by us, we will at our own expense defend or settle all suits alleging infringement of any United States patent by reason of your use or resale of said article for the purposes furnished, and will save you harmless from all expenses of defending said suits and from all payments which by final judgement therein you may be compelled to pay to the complainant as profit, damages, or costs on account of such infringement. If such use or resale shall be prevented by permanent injunction in any such suit, we will in addition, at our option either (1) replace said article, (2) modify it so that it will not infringe, (3) procure without cost to you the right to continue to use and resell, or (4) remove the infringing article and refund to you the amount paid to Teletype therefore, less a reasonable allowance for use, damage and obsolescence, but in no event shall our obligations include responsibility for any consequential loss or damages you may experience. All of our obligations recited in this paragraph are on the condition that we be given immediate written notice of all claims of infringement and full authority to dispose thereof. In connection therewith you agree to furnish such reasonable assistance as we may request. In any event, however, our obligation shall not apply to any combination of said article with anything not furnished by us, and also shall not apply to any infringement arising out of Teletype's compliance with your specifications. Our liability and obligations including any warranty against infringement as to any such alleged infringement shall be limited to those expressed in this paragraph.

The furnishing of any article does not convey any license, other than such as may be implied by law, to use the same in any patented system or combination.

This guarantee does not cover shipping damage, neglect, damage caused by the user, normal wear, or by improper installation or failure to maintain in accordance with the Teletype Corporation's instructions provided.

Your sole and exclusive remedy for breach of this guarantee shall be, at Teletype Corporation's option, repair or replacement or allowing return for full credit; provided, however, that you shall not be entitled to such remedy unless Teletype Corporation shall have received written notice of such defect within the period of 120 days immediately following the date of installation by the original user of assembled Teletype products and circuit card assemblies. In no event shall you be entitled to any incidental or consequential damages as defined in Section 2-715 of the Uniform Commercial Code to the extent exclusion or prohibition of recovery of such damages is not prohibited by Section 2-719 thereof.
